📍: 38, Anna Avenue, Kerala
Samajam, T. Kottampatti, Pollachi

ABOUT ME:

Final-year Computer and Communication Engineering student skilled in Java, Python, and problem-solving. Quick learner with strong teamwork and communication skills, seeking an opportunity to apply technical knowledge and build a career in software development.

EDUCATION:

Bachelor of Engineering (B.E.) in Computer and Communication Engineering

Sri Eshwar College of Engineering

2023 – 2027 | CGPA: 6.92%

HSC

Sri Lathangi Vidhya Mandir Matric Higher Secondary School, Pollachi

2020 – 2021 | Percentage: 86.5

SSLC

Sri Lathangi Vidhya Mandir Matric Higher Secondary School, Pollachi

2018 – 2019 | Percentage: 80.6

SKILLS:

- Programming Languages: Java
- Web Technologies: HTML5, CSS
- Database: SQL
- Cloud: AWS (Basic)
- Core Concepts: Object-Oriented Programming (OOP)
- Problem Solving: Data Structures & Algorithms (Basic)

INTERNSHIP

Mern-Stack

Used the MERN Stack (MongoDB, Express.js, React.js, and Node.js) to build a full-stack application from scratch, strengthening end-to-end development skills. Gained practical experience working in an Agile development environment while collaborating with team members. Utilized Git and GitHub for version control, code management, and efficient team collaboration.

PROJECTS

Student Performance Analysis Dashboard | Excel, Power BI

- Developed an interactive dashboard to analyze student performance and attendance.
- Used Power Query for data cleaning and DAX for calculating key metrics.
- Created charts, KPI cards, and slicers for effective data visualization.

AI-Based Smart Learning and Automated Evaluation System

- Developed an AI-based learning platform with personalized learning and automated evaluation.
- Implemented performance tracking, intelligent grading, and feedback generation.

Fitness Tracker | HTML, CSS, JavaScript, React.js, Node.js, MongoDB

- Developed a full-stack fitness tracking web application using the MERN Stack.
- Enabled users to log workouts, track calories, set fitness goals, and monitor progress.
- Used MongoDB for data storage and Node.js with Express.js for backend development.

ADDITIONAL INFORMATION:

Languages: English, Tamil

Certifications:

- Enhancing Soft Skills and Personality
- Understanding Incubation and Entrepreneurship
- Data Structures and Algorithms using C++
- Power BI
